and Natural Resources (CLEANR)

Other Events and News

US EPA is launching the **Environmental Justice (EJ) and Systemic Racism Speaker Series** by featuring [The Mapping Inequality Project](#) on **March 4, 2021 from 9:00-10:00am PST**. This series with a set of five sessions that thoroughly examines the relationship of redlining and current environmental challenges, particularly the climate crisis. Future topics will include: Title VI and civil rights program, EJ research and analysis, rural inequities, & others. [Register here](#)

The Newsom Administration is updating CA's [State Adaptation Strategy](#). The goal is to deliver a 2021 Strategy that outlines the state's key climate resilience priorities, includes specific and measurable steps, and serves as a framework for action across sectors and regions in California. Please provide input in the Office of Planning and Research's [State Adaptation Strategy Survey](#) by **March 12, 2021**, on how previous strategies have been useful for you/your organization.

We will be switching our email service for Newsletters/e-mail blasts to [Constant Contact](#). Please check your spam folder if you do not hear from us **by March 12, 2021**. If you do not wish for your email to be transferred over to Constant Contact, please email centralcoastclimate@gmail.com by **March 3, 2021**.
